The attention of the DCs of Districts & Presidents of District Boards is invited to the marginally noted orders of Govt issuing instructions to the effect that suitable provision should be made in the annual budgets of the local bodies concerned for the purpose of adopting in time plague preventive measures in their jurisdiction.

It has since been brought to the notice of Govt that these orders have not been given effect to at all. Certain other local bodies have considered it unnecessary to make provision while a few of them have requested the public Health authorities to carry out cyanofogging when the epidemic actually broke out, instead of taking timely precautionary measures.

Govt wish to reiterate that the local bodies should cooperate with the public Health Department & make, without fail, adequate provision for meeting the charges for cyanofogging in their budgets from 1945-46 onwards in accordance with the orders of Govt in this behalf.

To the Secretary
The DCs of Districts
